### Sources

**Arkivdigital**—official Swedish records source--premium site available for purchase or can be used for free at the Family History Center.

- Digitized vital records, censuses, and immigration/emigrations records from as early as the mid 1600's to early 1900's.
- Indexed vital records for many parishes (ongoing project) from 1840-1900's.
- Indexes of some Swedish-area Lutheran parishes in the US in the 1940's.
- Land, estate, and military records for various periods throughout the last few centuries.

**My Heritage**—premium site that can be purchased or used for free at the Family History Center. Members of the Church of Jesus Christ of Latter-day Saints can create a free online account that is linked to their Family Search account.

- My Heritage is participating in the indexing project so indexed records from Sweden are available for searching on their site.

**Ancestry**— premium site that can be purchased or used for free at the Family History Center. Members of the Church of Jesus Christ of Latter-day Saints can create a free online account that is linked to their Family Search account.

- Access to many Swedish records, indexed and digitized.

**FamilySearch**—free account can be created and used by all at the Family History Center, or online at home.

- Access to many Swedish records, indexed and digitized. They are also participating in the Swedish indexing project and many Research Help links are available.
